VENUE INFORMATION PACKAGE

INTRODUCTION

D/PRTMNT

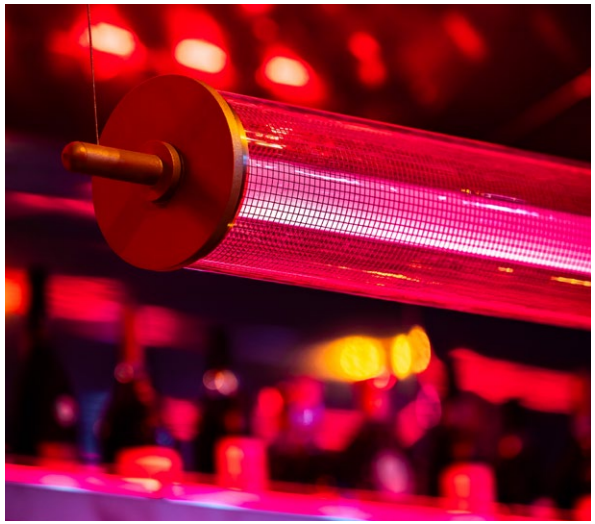

Located in the heart of downtown Toronto's entertainment scene just steps from King Street, DPRTMNT promises to redefine the live event experience with its sophisticated ambiance, cutting-edge sound technology and innovative design.

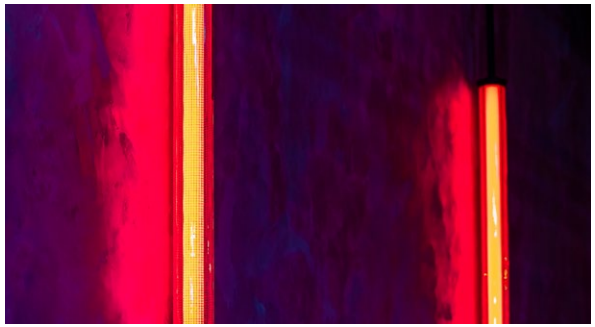

Launched in 2024, DPRTMNT is INK's newest hotspot, the place to be and be seen.

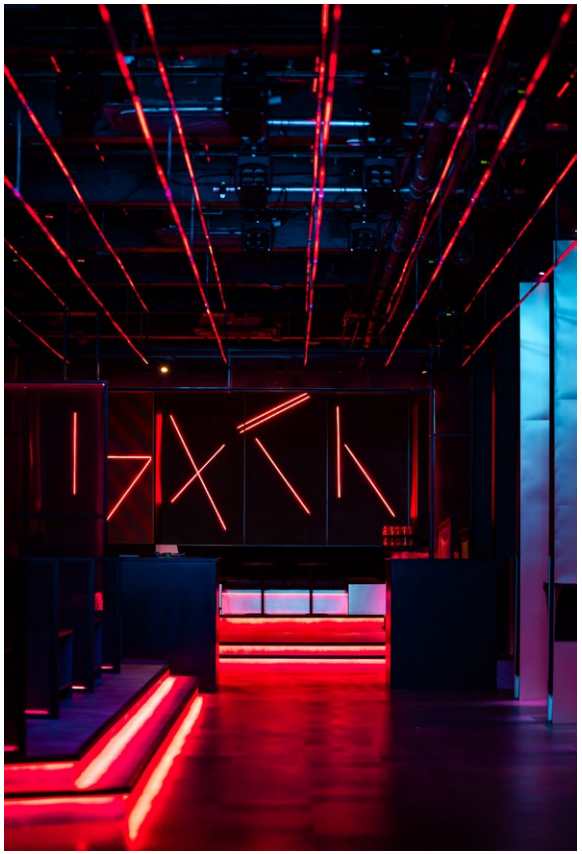

Opulent seating, dazzling lighting, unique elements and stand out photo worthy features transport guests to a world of underground chic.

TECHNICAL SPECIFICATIONS

D/PRTMNT

DPRTMNT spans two floors, both of which offer state-of-the-art lighting production and a flurry of entertainment options and crisp, clear sound that ensure guests are getting the most out of their experience, while the 4km of LED lighting adorns the main room, creating a dynamic atmosphere transforming each event, making every visit a unique one.

LED BAR SETUP GUIDE

D/PRTMNT

CANVAS DIMENSIONS:

Create your content on a 6144 px (width) × 512 px (height) canvas. This represents the full LED bar display area.

BAR FACE (MAIN DISPLAY AREA):

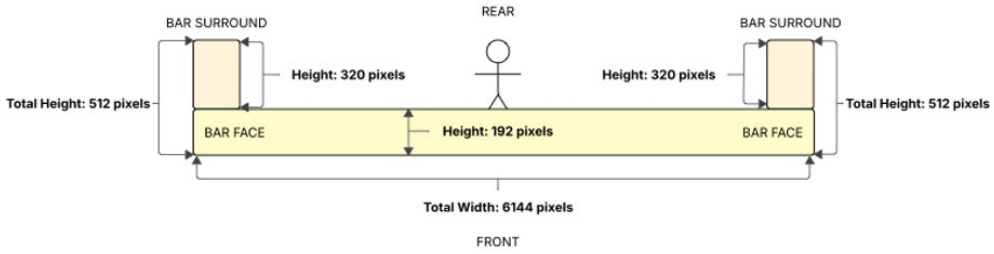

The central rectangular section of the bar is 6144 px wide × 192 px tall.

BAR SURROUND (SIDE PANELS):

Each end of the “U”-shaped bar includes side panels that are 320 px tall, extending the total display height to 512 px on both ends.

DESIGN ALIGNMENT:

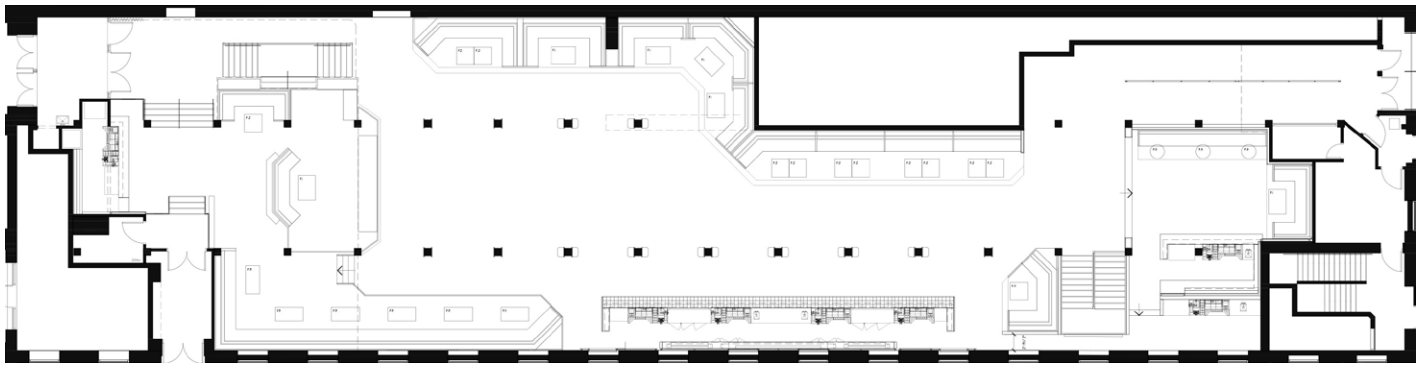

When creating visuals, center your key design elements (“eye candy”) within the 192 px height from the bottom up.
This ensures the main content aligns perfectly within the visible face of the bar.
